WHO WE ARE

- Futuris is a leading and award-winning automotive components manufacturer.
- Futuris is 100% owned by Clearlake Capital.
- Futuris designs, engineers and manufactures automotive and transportation seating and interior trim products, providing innovative solutions for both mature and emerging automotive markets.
- From a manufacturing and engineering base started in Australia, Futuris quickly grew into the emerging markets of China, Thailand and North America (the U.S. and Mexico), with further growth underway in both the Asia Pacific and Americas regions.
- Flexibility and agility are core strengths. Market share is serviced through strong partnerships, innovative business models, proven quality, competitive costs and a willingness to rise to major challenges.
- With state-of-the-art facilities employing best practice technologies and supply chain management systems, Futuris provides a flexible approach to the design and manufacture of high quality, complex and safety critical products.
- Futuris' major OEMs include GM, Ford, Toyota, Chery, JAC, SAIC, Brilliance, Faraday Future and Karma. Futuris also supplies components to major tier 1 customers.

FAST FACTS

- Through its global interests, Futuris generates revenue of approximately \$580 million and employs approximately 5,500 employees (including approximately 3,550 in North America, 880 in Thailand and 580 in China).
- Futuris is accredited to TS16949 and ISO14001, with a strong focus on employee safety and wellbeing, business sustainability, community contribution and environmental impact reduction.

FOCUSED PRODUCT PORTFOLIO

Seating (automotive and transportation)

- Complete seat systems
- Seat structures
- Cut & sew trim covers
- Injection molded components

Interior Trim

- Door trims
- Overhead systems
- Floor carpets & mats
- Trunk trim
- NVH acoustic trim packages

GLOBAL REACH THROUGH WORLD-CLASS FACILITIES

CHINA – REGIONAL HEADQUARTERS ENGINEERING, MANUFACTURING, BUSINESS DEVELOPMENT AND PROCUREMENT

- Shanghai – Business Development, Procurement and Engineering Center
- Wuxi, Jiangsu Province – 113,021-square-foot manufacturing facility supplying seating to SAIC and frame structures to Futuris in the US as well as complex rear seat structures to JCI (Ford vehicle)
- Wuhu, Anhui Province – 215,278-square-foot manufacturing facility adjacent to Chery, supplying seating to Chery and GAC
- Hefei, Anhui Province – 46,285-square-foot manufacturing facility supplying seating to JAC
- Dalian, Liaoning Province – 45,208-square-foot manufacturing facility supplying seating to Chery
- Mianyang, Sichuan Province – 215,278-square-foot manufacturing facility supplying seating to Brilliance Auto

THAILAND – MANUFACTURING

- Eastern Seaboard, Rayong – 161,458-square-foot seating and interiors manufacturing facility supplying to GM, Ford and AAT as well as cut & sew seat trim and seat structures to Futuris globally

NORTH AMERICA – CORPORATE HEADQUARTERS, MANUFACTURING, BUSINESS DEVELOPMENT AND DESIGN

- Oak Park, Michigan – Corporate headquarters, 21,528-square-foot engineering and design center, sales and program management
- Newark, California – 161,458-square-foot design and technology center, manufacturing facility supplying seating and headliners
- Acuna, Mexico – 161,458-square-foot interior trim manufacturing facility, including cut & sew trim covers, hard plastic assemblies, door assemblies and foam substrates; supplying to FCA, JCI, Faurecia, Magna, Lear, Toyota Boshoku, Fehrer and Grupo Antolin
- Piedras Negras, Mexico – 129,167-square-foot manufacturing facility specializing in cut & sew covers and complete armrest assemblies
- Madison Heights, Michigan – 75,347-square-foot manufacturing facility with capabilities in cut & sew, finish hardboard, die cutting and assembly
- Charlotte, Michigan – 100,104-square-foot manufacturing facility with capabilities in injection molding, interior pressings (33 presses, 100 – 1,500 ton), ultrasonic welding, heat staking and assembly

EXPERIENCED LEADERSHIP

Futuris' region leaders focus on the needs of each market, while our professionals deliver best practices across manufacturing, supply chain, engineering, customer management, business development and other core capabilities. The Futuris team is distinguished by its long history of successfully working together. This is evident through the significant growth Futuris created in Australia and the global markets of China, Thailand and North America. It is also evident through the global recognition Futuris has achieved, earning multiple global innovation awards at the Automotive News PACE™ awards ceremony in Michigan in the U.S. for “game-changing innovation.” Futuris was also inducted into the Victorian Manufacturing Hall of Fame in 2011.

OWNERSHIP STRUCTURE

Futuris is 100% owned by US-based Clearlake Capital Group (following the acquisition of Futuris from Elders Ltd in 2013).
